Stiffen with fabric Stiffener.

1. Pin waxed paper on board.
2. Pour a small amount stiffener into small dish
3. Dip snowflake in stiffener

4. Using paper towel, dab out excess stiffener.

5. Using straight pins, pin snowflake onto board adjusting shape as needed.

6. Allow to dry at least 2 hours. Overnight is best.

7. Remove pins from snowflake and remove snowflake from board. Attach hanger of choice to 1 of the points.

Tip: Make several snowflakes before stiffening them. Or at least as many as will fit on the styrofoam board.
