Bouquet

Use 3 each of the mini roses in two colors to make a bouquet and combine them with 2 white calyxes. Arrange them until you are happy with the look. Then wrap the stems in floral tape

working diagonally down the stems then up the stems working your way up close to the head of the bouquet. Then break tape and smooth down. Trim the stems to about 1" long. Set aside.

Assembly

1. Glue the body to the wooden doll pin just below the knob (head). Allow to dry.

2. Lay the angel down on the table arms facing you. With yarn needle bring ribbon through the hands on the arms where the sc was made and pull

through both hands at the same time. Lay the bouquet bet the hands as if she were holding the bouquet and pass both ends of the ribbon through the ends of the hands, crossing each other. Tie tightly and then tie into a bow. Trim ends of ribbon as needed.

3. Glue head piece onto head then the gold ring onto the head piece.

4. Set the pin into the stand. The End. Copyright © 1998 by Julie A. Bolduc
