

# Coffee Can Lid Wreath

*Designed by Julie A. Bolduc*

This wreath would look wonderful anywhere you have an empty space. It is really full and is fun to make. You can embellish it with what ever you like. I used small poinsettias and gold Lame Ribbon.

## Materials Needed

3-2.5 oz skeins Red Heart Shaded Greens yarn  
Large #10 can Coffee Can Plastic Lid  
Pair of scissors  
Size H aluminum crochet hook  
Tapestry needle

**Gauge:** 4sc=1"

**Yarn Thickness:** 3mm

**Finished Size:** 12" diameter

**Skill Level:** Easy

## Instructions

Following the inside ridge on the lid which is about 3/8" in from the outer edges, cut out a circle. Throw the circle out and keep the ring that is left over. You will be using this for your wreath.

Tie Yarn onto plastic ring.  
Work 80 sc in ring. Join w/slst to first sc. Fasten off. Weave ends into work.

"Leaf Sets" Make 80  
Ch10, slst in 2nd ch from hook, sc in next ch, hdc in next ch, dc in each of the next 2 chs, hdc in next ch, sc in next ch, slst in each of the last 2 chs. Rep from beg 4 more times, slst into the first ch made. Fasten off and tie each leaf set onto the sc on plastic ring. Trim yarn to 1/4" long. No need to weave ends in

as long as you leave the 1/4" length. These will not show.

After you are done tying all of the leaf sets onto the wreath, decorate your wreath what ever you like. I used small poinsettias and Offray Gold Lame Ribbon both available at Wal-Mart.
