

# Pearl Beaded Earrings

Designed by Julie A. Bolduc

These earrings were designed with a casual summer wedding in mind. Of course you can make them for any time and with any color thread but since June is the month for weddings, I thought it would be most appropriate to make them all white.

## Materials Needed

Small amount white size 10 crochet cotton. Southmaid was used in the example.

24 pearl beads 4mm in size.

Size 8 steel crochet hook Boye was used.

Fish Hook Ear wires.

Tapestry Needle

**Thread Thickness:** 10thread

**Gauge:** 10sc=1"

**Finished Size:** ¾"x1¼" or 22mmx30mm

**Skill Level:** Beginner

## Special Stitch Used (bddc)

### Beaded Dc.

Work as for a double crochet but before pulling your loop through the last two loops on hook, pull up a bead then draw your loop through the last two loops on hook.

### Make 2

String on all beads but use only 12 beads per earring.

## Instructions

**RND 1:** Make a starting slip knot as you normally would for beginning any crochet project but do not chain anything. Instead, bring up 6 beads then ch1 to form a ring with the beads. You will be working between the beads in the ring for the next round.

**RND 2:** Ch3. Bddc dc in same place in ring. Work the following

in each space between each bead around. Dc, bddc, dc. When you get back to the beginning, join w/slst to top of ch3.

## Hanger

Slst to the bddc, ch5, slst in same st. Fasten off and weave ends into back of work.

Hang earring onto fishhook ear wire using the hanger just made.
