The bouquet holder is now done.

Flowers

Step 1: Cut stems to about 4" - 5" long to fit inside handle.

Step 2: Wrap stems all together with floral tape to make one stem.

Step 3: Tie ribbons onto base of flowers. You may want longer ribbons for a more dramatic effect.

Step 4: Place stem of flowers into handle of bouquet holder.

NOTE: You may want to use real flowers for this and the little vial that comes with single flowers should fit through the ring.
