

Twisted Log Cabin

Using the Quilt as You Piece Method

Designed by Julie A. Bolduc

This is the 19th quilt block tutorial in a series on how to make quilt blocks using the Quilt as You Piece Method. This quilt block can be completely made in the Quilt as you Piece method. This block works best if you cut the pieces a little bigger than indicated in the cutting chart.

Materials Needed

Makes one Block:

- * Fabric: Follow the diagram for the sizes.
- * Batting Follow the diagram for the sizes.
- * Cotton Sewing thread in neutral color, 50wt preferred.
- * Washable Liquid Glue
- * Washable Glue Stick

Tools Needed

These are the tools I used. Use what you have.

- * Rotary Cutter & Cutting Mat
- * Pair of Fabric Scissors
- * Temporary Marking Device
- * 18"x3" quilt ruler
- * 10.5"x10.5" Square Ruler
- * Dry Iron & Pressing Board

Instructions

1. Follow the sizes for cutting your pieces but make the I pieces bigger than indicated so you will have something to trim as you go and at the end.
2. You can cut the batting pieces bigger if you like. They can be trimmed as you piece.
3. Use the Quilt as You Piece method for all pieces. Quilt as you add each piece or wait until the block is complete.
4. Trim your batting & square as you go, after adding the 4 pieces to make a square.

- 1) After layering and quilting the center square, trim it to 3 3/8" x 3 3/8".
- 2) Trim the square after adding pieces B & C to 4 1/2" x 4 1/2"
- 3) Trim the square, after adding pieces D & E to 5 1/2" x 5 1/2".
- 4) Trim the Square, after adding pieces F & G to 6 3/4" x 6 3/4".
- 5) Trim the Square after adding pieces H & I to 8 1/2" x 8 1/2".
5. Trim to 10-1/2" x 10-1/2". Do stay stitching, an 1/8" in from the edges, all the way around

Cutting Instructions

Finished block measures
10 in. high and 10 in. wide
Fabric strips are 42 in. long

Use 2 different fabrics for each piece as indicated for front and back throughout.

Layer front and back fabrics, wrong sides facing each other, to ensure you get mirrored pieces when you cut them out.

Cut 1 piece of batting for each front piece in the block, exactly the same size as indicated.

When piecing this block, start from the center and work your way around log cabin style or you can follow the lettering and build it courthouse steps style. You actually have a choice!

This pattern sheet just provides what materials you need and what size pieces you need to make a 10" block and in what order to sew the pieces of the block together. It does not go into complete detail how I put them together in the Quilt as You Piece manner, please refer to our tutorial of the Five Strip Rail Fence Block for the basic concept and instructions on how to do Quilt as You Piece for this

block and all other blocks in this series.
